RE: VICTORIA CIRCUS ---
VICTORY RIDERS GLOBE OF DEATH AND THE
SENSATIONAL MURCIAS HIGHWIRE

DATE: MARCH 2003

Our Lady Queen of Martyrs Church received a great gift in Victoria Circus - The Victory Riders Globe of Death and the Sensational Murcias Highwire - that performed at our Caribbean Spring Carnival, March 6-9, 2003, in Ft. Lauderdale, with J & J Amusements.

The Victory Riders Globe of Death is something that you have never seen before and it thrilled our crowd. In fact many people came back for additional performances day after day and brought their friends. The Victory Riders - Victoria, Gloria, and Frances - defy death by racing their motorcycles inside the globe. And the audience can get really close to them, just yards away to experience the thrills and fears and their death defying stunts.

The Sensational Murcias Highwire act of Walter and Victoria Murcias was also crowd pleasing as they performed without a net on wire high above our carnival midway.

These groups were wonderful to host at our fair and not only exciting performers but exceptional people off the stage, too, in their courtesy and friendliness and attitude of helping our fair to be the best ever at our Church. Thanks to all of them - it was!!!!!!

We would highly recommend them to any Fair or event. It is so wonderful to see the faces of children and adults in awe of their motorcycle and highwire skills. Wow, it was great fun for all and I enjoyed it as much as everybody else did.

The comments from our patrons was very positive and everybody wants to know if they are coming back for our November fair – Happy Fall Carnival. We hope so. Our Lady Queen of Martyrs Church wants them back!

For more information about how thrilled all of us are with Victoria Circus, please contact us, or even better, speak to our school children, who loved them.

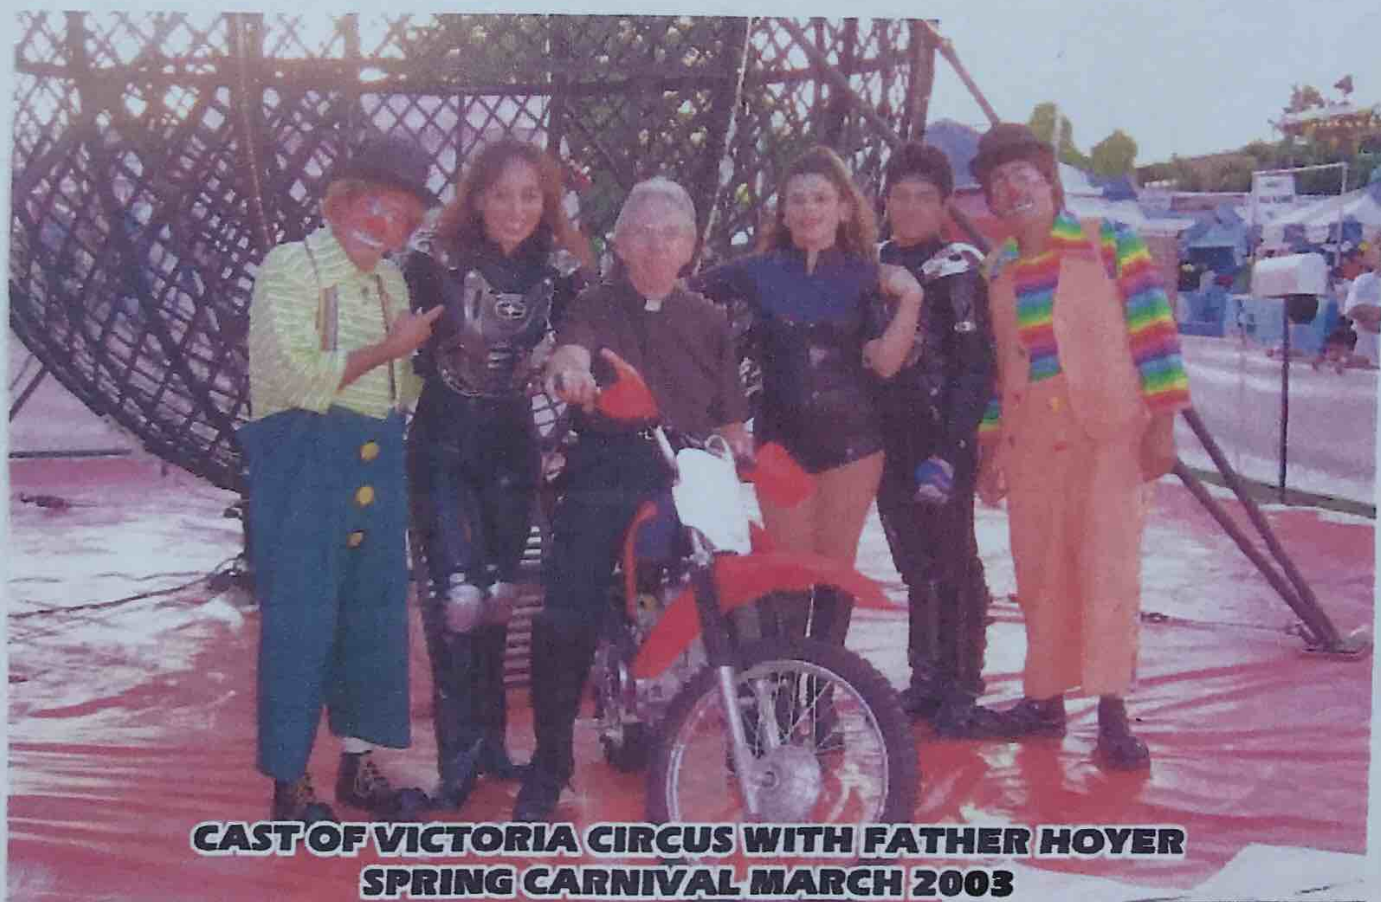

Thank you.

Sincerely,

Father Hoyer
