

To Whom it May Concern,

We were honored to have the Pirates of the Colombian Caribbean show perform at the 2008 L.A. County Fair as part of our "A Pirate's Life" attraction. The show was the perfect entertainment anchor to our new pirate-themed exhibit and helped us produce a first-rate attraction that was the hit of the Fair. This heart-stopping, hair-raising high wire show brought gasps of surprise and amazement as audience members witnessed the incredible stunts and aerial tricks of the talented performers. Their first-rate performance created a must see destination for our guests and left them shaking their heads in astonishment at the amazing production they experienced at our Fair.

It was our pleasure to bring this show to our fairgoers, and we look forward to working with the Pirates of the Colombian Caribbean again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Christy Endele".
