To Whom It May Concern:

The Victoria Circus was our feature act at this year's Lackawanna Festival. The show is fast paced excitement from beginning to end, with some very diverse entertainment that appeals to all ages. The show ranges from classic high wire acts to good time clown skits, to a captivating sphere of death. I highly recommend this top flight show.

Also, I wish to point out how moved I was by the entire Murcia family. They are very special people who will always hold a special place in my heart.

Sincerely,

A handwritten signature in cursive script that reads "Angelo Iafallo".
