

November 13, 2009

It is my pleasure to recommend the aerial acrobatic performances of the Murcia Family.

During the summer of 2009, Miami Seaquarium included the 'Pirates of the Colombian Caribbean' high-wire show as a part of the park's daily summer show schedule. The thrilling aerial acrobatic performances in this show were a favorite with guests during the park's busy summer season.

We found Victoria, Walter and the entire Murcia family to be extremely professional. Their long history and expertise in the entertainment industry together with their professionalism and personality made them a pleasure to have at the park this past summer.

I am happy to recommend the services of the Murcia family and the 'Pirates of the Colombian Caribbean' high-wire show.

Should you have any questions or need anything further, please feel free to contact me.

Sincerely,

Eric A. Eimstad  
Vice President  
Sales and Marketing
