To whom it may concern,

The Pirates of the Colombian Caribbean was a great addition to our 2017 State Fair. The show looked clean and professional and drew large crowds for every show. I heard positive feedback from people of ages that they enjoyed the show. Many came back to see it at night to see the fire effects.

Alex and his team were very easy to work with. The contract was returned in a timely manner, and they were always willing to try something new and suggest new ideas.

The show combines a high wire act with acrobats, adventure, comedy, and most charming of all – family. You won't be sorry you booked this show.

Sincerely,

Rachel Boyce
